

Chair's Report 30.03.2025

Vanessa Harrison

Events

National 2025:

Gary Dicks will be submitting his own report.

Registers 2025:

Mark can update us on progress with this. Chris Maxfield will be joining the meeting to gain budget approval for the event.

National 2026:

Anthony Wright has pulled out of hosting the National in Northumberland in 2026, citing ill health amongst other things.

Registers 2026:

We had provisionally booked the Royal Agricultural College for Registers Day in August 2026, so we could ask for this to be moved, should the committee be interested in holding the National there earlier in the year.

Actions from last meeting

I contacted Julian to ask if he would be willing to help John with the Ruskington project. John will update us on the status of the unit and any discussions he has had with Julian.

I have not had time to coordinate the NEC meeting due to work pressures mounting the last two months, so this will have to take place before the next meeting.
