

Club Shop Report March 2025

Nothing much to report.

The club shop now has an advert in the club magazine each month. so hopefully that will generate more interest and sales through the online shop.

While I (Jean) am happy to continue in the position of club shop manager, I don't wish to hold a committee position, therefore we would propose that

The club shop position whilst still being an elected position be moved more to advisers to the committee or something similar. Perhaps even "Other elected positions" as suggested on a number of occasions by the Secretary.

Cheers Jean and Sean
