

Editors Report March Committee Meeting 30/3/25

Firstly I am confirming I would like to stand for the position of Editor at the forthcoming elections.

Thank you for everyone's support, I would like the opportunity to ask the committee to have a think about any ideas for articles for forthcoming issues. I am keen to have a good variety of topics and also keen to focus on people and human interest that tell the stories of our cars. Ideas for people to feature in 'The Professionals' slot would also be welcome.

Following discussions at the last committee meeting regarding saving money on the magazine production. I would like to propose that we change the number of magazines from 12 each year to 11. Dropping the January issue which is the most difficult to produce as it's done over the Christmas period.
