MISSING MAGS

All fingers crossed; things have been good since the November delay that we had. The printers are now putting the date the mag gets sent out onto the envelope so members can see we do post out on time, and they are trying to send out a little earlier only by a couple of days but it helps.

The printers this month are sending the magazines out early so that we don't have to pay the royal mail increase which has saved us a few hundred pounds

Local Organisers (groups) on Crossmember

This has now all been set up; I just need to speak to Brian at Crossmember regarding the report they will receive as I may have to manipulate this myself as it could hold too much information that we don't want them to have.

Still waiting for some groups to come back with bits, but virtually all done.
